To: 30th Annual Training Conference Attendees
From: Patty Williams, Executive Director
RE: Kelowna Airport Shuttle Information

Thank you for registering for the 30th Annual Training Conference. I am confident the program will meet your expectations as one of our best programs yet!

Early on, the planning committee tackled several ideas to help minimize attendee expenses and contribute to an overall greener conference. One idea was to better coordinate airport shuttle services to/from the conference hotel.

We began working with Kelowna Shuttle in hopes of securing complimentary shuttle service as part of your conference registration fee. While we were unable to negotiate complimentary service and/or a flat rate per rider, we have secured reduced shuttle rates based on shuttle occupancy as noted below.

With the conference just a few weeks away, the chapter office lacks sufficient staff to tally airline arrival/departure information from everyone accessing the Kelowna Airport. However, we are hoping this letter will help you identify other riders sharing a shuttle to the Delta Grand Okanagan and reduce shuttle fees for everyone.

We recommend you contact the Kelowna Shuttle company in advance to let them know of your arrival and departure dates and times. You can reach them at 250/765-0182 or 888/434-8687 (toll-free). Be sure to let them know you are with the Pacific Northwest ISA Arboriculture Conference.

Given flight patterns into Kelowna, you will undoubtedly be traveling with fellow conference attendees. I suggest you print this letter, ask fellow riders about destination, and use the negotiated rates (Canadian dollars) below to secure reduced rate suitable for your group. You do not need this letter to secure rates. As long as all riders are going to the hotel, the rates should apply.

1 rider - \$19
2 riders - \$23 or \$11.50 each
3 riders - \$27 or \$9 each
4 or more riders - \$8 each

We will look to secure more detailed departure information from you while you attend the conference in hopes of helping with return shuttle service to the airport.
