### How the Examination Was Developed

The advanced certification examination was developed by a panel of industry experts representing all aspects of arboriculture. Questions were derived from a job analysis survey filled out by arborists from around the United States and Canada. The data collected in the survey was used to develop the experience requirement, establish the prerequisites, develop the domains, and determine the domain weights. Questions are constantly analyzed by the BCMA test committee using the latest test statistics,

and new questions are always being developed. Questions that do not perform satisfactorily are removed from the question bank. New examinations are created on a regular basis.

### **The Format of the Examination**

The advanced certification examination consists of 165 scenario-based questions, 150 scored test questions and 15 non-scored pre-test questions. Each scenario will have a photograph and a description of a tree, landscape, or arboricultural activity. Following each scenario are one to twenty questions about the scenario or related specific arboricultural knowledge. All questions are multiple-choice.

You will have 4 hours to complete the examination. It is always advisable to first answer the questions that are easy for you, skipping over those questions to which you will need to return to and give more thought. Working in such a manner, you should feel no time pressure because 4 hours will be more than enough time to complete the examination.

ISA prepares the Examination with the advice and assistance of the Test Committee. The questions are developed and reviewed for relevancy, consistency, accuracy, and appropriateness by individuals with expertise in arboriculture. Fifteen (15) of the 165 questions are new questions that have not been used on previous Examinations. Inclusion of these questions allows for collection of meaningful statistics about new questions, but are not used in the determination of individual Examination scores. These questions are not identified and are scattered throughout the Examination so that candidates will answer them with the same care as the questions that make up the scored portion of the Examination. This methodology assures candidates that their scores are the result of sound measurement practices and that scored questions are reflective of current practice.

### **Attainment of Certification**

If you achieve the overall passing score you will receive the designation of ISA Board Certified Master Arborist and will be sent a certificate, an ID card, an advertising logo sheet, a hard-hat decal, and a patch.

You must achieve an overall score of at least 75%. When you receive your results, please remember that the domains are weighted and the average of the 19 domains **WILL NOT** be equal to the overall score.

If you do **NOT** achieve an overall passing score, you must retake the entire exam. You will be allowed to retake the exam as many times as you need **within one year for \$275**. If you do not show up for the scheduled retake exam, **you will forfeit your retake fees**. If you do not attain certification within one year from the original test date, you will be required to pay the full amount.

### **Denial and Revocation of Certification**

Certification will be denied or revoked for any of the following reasons:

Denials or revocations of certification may be appealed to the Certification Board in writing.

### **Policy on Inappropriate Application and Examination Conduct**

The International Society of Arboriculture intends that participation in ISA Certification Programs and examinations be a professionally relevant, informative, and rewarding experience for all candidates. All candidates for ISA certification are expected to conduct themselves in an appropriate and professional manner and to refrain from any objectionable, improper, or unprofessional conduct. To ensure fairness and a sound examination environment, the ISA Certification Board of Directors issues the following policy and rules.

When the ISA Certification Board, the ISA Certification Program, or an ISA-designated representative finds that a candidate has engaged in inappropriate conduct or behavior, ISA reserves the right to take responsive actions, including, but not limited to, the following: (1) reject an application for certification; (2) prohibit or preclude a person from participating in an examination; (3) prevent or preclude a person from participating during an examination, including the removal of a person from the testing site; (4)

response or action determined to be appropriate or necessary.

Inappropriate conduct or behavior includes, but is not limited to, misrepresentation; failure to disclose requested information; cheating; unauthorized possession, use, or distribution of copyrighted or legally protected material; verbal or physical disturbances of the examination or certification process; failure to pay test fees in a timely manner; and any other objectionable, improper, or unprofessional actions by a person participating in the ISA certification process.

By submitting an application for certification, each ISA certification candidate acknowledges that he or she understands and agrees to the terms of this policy.

## **VI. AFTER THE EXAMINATION**

---

### **Failure to Sit for Your Examination**

If you do not sit for the examination, you will receive your application back with a letter from the Certification Department explaining how to sign up for another exam.

### **Your Score Report**

To pass the examination, you must achieve an overall score of at least 75%. You will know whether you passed or failed before leaving the testing center. However, your results package will be mailed approximately four to six weeks after your test date. It will give your overall test score as well as each of the domain scores in percentages. Please remember that because each domain is weighted, the overall score is **NOT** the arithmetic average of the domain scores.

### **Examination Results**

Your scores are strictly confidential. Therefore, results cannot be obtained over the phone, by fax, or via e-mail. If you have questions concerning your test results, you should direct them in writing to the ISA Certification Program. However, because of the need to maintain test security, test questions cannot be made available for review of the questions and answers, and the Certification Program does **NOT** provide a list of questions you answered incorrectly or correctly. The only information available regarding your performance on the test is provided on your score report.

### **Notification of Certification**

Upon successful completion of the exam, ISA certification staff will send, along with the score report, a congratulatory letter, recertification information, a press release for your local paper, a certificate, hard-hat decal, advertising logo sheet, patch, and wallet ID card.

### **Re-Examination**

If you do not pass the exam, you will receive your score sheet, a letter explaining the retake process, and a retake application. There will then be a \$275 fee per retake up to one year. After one year, you will be required to pay the full amount.

### **Certification Renewal**

ISA Board-Certified Master Arborist Certification is valid for three years. To retain certification after each three-year period, BCMAs must recertify. The ISA Certification Program offers two methods of recertification. The first method is to retake and re-pass the advanced certification exam. The second option is to accumulate at least 60 continuing education units (CEUs), 20 continuing education units (CEUs) in each of the three domains of science, practice, and management over the three-year certification period **and** pay the recertification fee.

You will receive a more detailed explanation of CEUs when you receive your certification packet. You may also call the ISA certification staff if you need further clarification. If you have an address change it is your responsibility to contact ISA so your account will be updated.

You have the option of checking your CEUs on-line via the ISA website. To obtain a username, password and access to your CEU report please email us at [cert@isa-arbor.com](mailto:cert@isa-arbor.com).

CEUs can be obtained by a variety of means. One hour of credit is equal to one hour of seat time at an approved seminar. Seminars can be approved before or after they occur. Credits also can be obtained through *Arborist News* CEU articles, and other types of home-study programs.

You must keep a record of all CEUs sent to the ISA office

Credits that will be accepted for recertification include any course, seminar, workshop, or similar program that relates to any of the 19 sub-domains on the examination.

## ISA BOARD-CERTIFIED MASTER ARBORIST ETHICS CASE PROCEDURE

### INTRODUCTION

The ISA certification board develops and promotes high ethical standards for Board-Certified Master Arborists (BCMA) and practitioners, and requires that BCMA certificants meet these standards. The following disciplinary procedures are the only rules for processing possible violations of these ethical standards and are applicable to certificants, as well as those who are seeking certification from the ISA certification board. Certificants and candidates seeking certification or recertification agree that these

5. **Improper Disclosure.** The CEDRC may issue any appropriate directive(s) where a candidate or certificant provides a misleading disclosure or fails to disclose requested information related to certification or recertification or to an ethics complaint, disciplinary proceeding, or similar matter. Where a discipline, order, or other directive is issued by the CEDRC under this section, the candidate or certificant involved may seek review and appeal pursuant to these procedures.

6. **Time Limitations Concerning Complaints.** The CEDRC may consider any ethics complaint, regardless of whether the respondent held a BCMA credential at the time of the alleged violation, when the alleged violation occurred, or whether the respondent continues to hold or seek a BCMA credential during the course of any ethics case.

7. **Confidentiality.** To protect the privacy of the parties involved in an ethics case, all material prepared by or submitted to the CEDRC will be confidential unless otherwise authorized by these procedures. The identities of all members of the CEDRC shall remain confidential and will not be released without the specific authorization of each member. Among other information, the CEDRC will not consider the following materials to be confidential: materials that are disclosed as the result of a legal requirement; upon the written request of a candidate or certificant, any certification information that he or she would like made available to other credentialing or professional organizations or similar bodies; and all final published rulings of the CEDRC or the ISA certification board.

Until an ethics case has been closed or finalized pursuant to Section H, all parties and participants must maintain the confidentiality of all information related to the ethics case, including its existence, consistent with these rules. If any party discloses information related to the ethics case contrary to these rules, the CEDRC and/or the ISA certification board may terminate the ethics complaint if such disclosure is by the complainant, or may impose any sanction included within these rules if such disclosure is by the respondent.

8. **Failure to Cooperate.** If any party refuses to fully cooperate with the CEDRC concerning matters arising under these procedures without good and sufficient cause, the CEDRC may terminate the ethics complaint of an uncooperative complainant or impose any sanction included within these rules if a respondent is uncooperative. Where a disciplinary action, order, or other directive is issued by the CEDRC under this section, the candidate or certificant involved may seek review and appeal pursuant to these procedures.

9. **Resignation from the BCMA Program.** Should a respondent attempt to relinquish BCMA certification or withdraw an application during the course of any ethics case, the CEDRC reserves the right to continue the matter to a final and binding resolution according to these procedures.

## **B. SUBMISSION OF ETHICS COMPLAINTS/ACCEPTANCE OR REJECTION**

1. **ISA Certification Ethics and Disciplinary Review Committee (CEDRC).** Any person, group, organization, or, in appropriate cases, the certification director, may initiate an ethics complaint. Each complainant must submit to the CEDRC a detailed, written description of the factual allegations supporting the ethics complaint. The CEDRC will be responsible for the investigation and resolution of each ethics complaint. Upon receipt of a complaint, the CEDRC will determine whether sufficient detail is presented to constitute a formal ethics complaint and to permit the committee to conduct an appropriate review.

2. **Acceptance/Rejection Criteria.** To determine whether an ethics complaint is accepted or rejected, the CEDRC will consider whether a proven complaint would constitute a violation of the Code of Ethics; the passage of time since the alleged violation requires that the complaint be rejected; relevant, reliable information or proof concerning the charge is available; the complainant is willing to provide testimony or other evidence concerning the complaint; and the charge appears to be justified or insupportable, considering the proof available.
3. **Complaint Acceptance.** Upon a determination that an ethics complaint is appropriate, the CEDRC will issue a formal ethics complaint notice identifying each Code of Ethics violation alleged and the supporting factual basis for each complaint. This notice will be delivered to the
4. **Ethics Complaint Response.** Within thirty (30) days of the mailing date of an ethics complaint notice, the respondent must submit a response to the CEDRC. The ethics complaint response must include a full response to each complaint, a copy of each document relevant to the resolution of the ethics complaint, and any other information that the respondent believes will assist the CEDRC in considering the ethics complaint fairly.
5. **Response Deficiencies.** The CEDRC may require the respondent to supplement or expand a response.
6. **Optional Reply to Ethics Complaint Response.** The CEDRC will forward a copy of the ethics complaint response to the complainant within approximately ten (10) days following receipt of the  
S  
complaint response by letter or similar document within ten (10) days of the mailing date of the response to the complainant. If submitted, this reply must fully explain any objections that the complainant wishes to present to the CEDRC concerning the ethics complaint response.
7. **Optional Response to Complainant Reply.** If an optional reply to the ethics complaint response is submitted by the complainant, the CEDRC will forward a copy of the reply to the respondent within approximately ten (10) days following receipt of the reply by the BCMA. The respondent  
r document within ten (10) days  
of the mailing date of the reply to the respondent. If submitted, the response must fully explain, and is limited to, any objections that the respondent wishes to present to the CEDRC concerning the  
he ethics complaint response.
8. **Complaint Rejection.** If the CEDRC determines that an allegation should not be a formal ethics complaint, the committee will notify the complainant in writing of the rejection and its basis.
9. **Appeal of Complaint Rejection Determination.** Within thirty (30) days of the mailing of a complaint rejection letter, the complainant may appeal to the ISA certification board by stating in writing: the procedural errors possibly made by the CEDRC with respect to the charge rejection, if any; the specific provisions of the Code of Ethics believed to have been violated; and the specific information believed to support the acceptance of the complaint.

## C. MEDIATION

1. **Cases Appropriate for Mediation.** All ethics complaints will be reviewed by the CEDRC to determine whether the ethics matter is appropriate for resolution by mediation. The CEDRC will conduct, and any other pertinent material. The CEDRC will make a decision concerning the likelihood that the matter can be resolved fairly without formal disciplinary proceedings as described in these procedures. Ethics cases concerning charges issued by a regulatory agency or professional body and those involving criminal litigation are not appropriate for mediation.
2. **Mediation Determination.** Should the CEDRC determine that a particular ethics matter is appropriate for mediation, the committee will attempt to resolve the dispute to a fair and just conclusion.
3. **Successful Mediation.** The CEDRC will prepare a report outlining the terms of the final mediated resolution of an ethics case or will refer the case to the ISA certification board for review.
4. **Unsuccessful Mediation.** The CEDRC will notify the ISA certification board in the case of mediation failure and process the ethics matter according to these procedures.

## D. PRELIMINARY ACTIONS AND ORDERS

2. **Involuntary Suspension of Certification.** If a respondent fails to agree to and sign a voluntary temporary suspension agreement, BDC B certification(s) until the final resolution of the complaint. Suspension orders are authorized when
